

Do you have employees who are in need of basic casting skills or casting/splinting training?

Back by popular demand, the **Maryland Association of Orthopaedic Technologists** is proud to announce the 2012 sessions of its highly successful

## **BASIC CASTING WORKSHOPS**

**with Pett Allen, OTC**

Dates:                    Saturday, January 21, 2012  
                              Saturday, March 17, 2012  
                              Saturday, May 19, 2012

Time:                    8:00 AM to 4:00 PM

Location:                Advanced Centers for Orthopaedic Surgery & Sports Medicine  
                              1 Village Square  
                              Westminster, MD 21157

We are excited to offer this 8-hour, hands-on, workshop where you will learn proper casting application techniques.

Space will be limited to the first 15 participants. The \$100.00 fee will include all workshop materials, along with lunch. Upon completion of the workshop, everyone will receive a certificate, along with being awarded 8.0 CEU's.

Your support of this event will allow us to offer similar workshops in the future.

All products used for these workshops are donated by BSN Medical. All monies are channeled back into the association to fund future learning programs and to promote the ongoing of Orthopedic education.

Thanks, Pett
